

TSO, ESTIMATE/QUOTE, and INVOICE TERMS AND CONDITIONS

These Terms & Conditions are between ISN Global Enterprises, Inc. ("ISN") and the Customer ("Customer") named on the ISN Technical Service Order, Estimate, or Invoice ("TSO"). These terms and conditions constitute the agreement (the "Agreement") for the provision of the Services selected by Customer and designated on a Technical Service Order, Estimate, or Invoice.

The terms and conditions in the "GENERAL TERMS AND CONDITIONS" section below are applicable to all Services. Additional terms and conditions may apply to the Internet and the Voice Services provided by ISN affiliated entity(ies) ("Affiliate") and should be reviewed in either the "ADDITIONAL TERMS APPLICABLE TO INTERNET SERVICE" section, or the "ADDITIONAL TERMS APPLICABLE TO VOICE SERVICE" section, as applicable.

By purchasing the Services, CUSTOMER AGREES TO BE BOUND BY THESE TERMS AND CONDITIONS. PLEASE READ THESE TERMS AND CONDITIONS CAREFULLY. They affect the legal rights between Customer and ISN by, among other things, requiring (1) mandatory ARBITRATION of disputes; (2) charging an EARLY TERMINATION FEE; and (3) LIMITING ISN's LIABILITY under the Agreement. Customer acknowledges that they are of legal age and legally authorized to enter into this Agreement.

the event the Agreement is terminated as herein described during the initial Service Term, Termination Charges shall also include one hundred percent (100%) of any amount paid by ISN in connection with Custom Installation, as that term is defined in Section 2.7, for the Services provided by ISN under the Technical Service Order.

ARTICLE 2. DELIVERY OF SERVICES

2.1 Orders. Customer shall submit to ISN a properly completed Technical Service Order to initiate Services to a Service Location(s). A Technical Service Order shall become binding on the parties when (i) it is specifically accepted by ISN either electronically or in writing, (ii) ISN begins providing the Services described in the Technical Service Order or (iii) ISN begins Custom Installation (as defined in Section 2.7) for delivery of the Services described in the Technical Service Order, whichever is earlier. When a Technical Service Order becomes effective it shall be deemed part of, and shall be subject to, the Agreement.

2.2 Speed. ISN makes no representation regarding the speed of Internet Service. Actual speeds may vary and are not guaranteed. Many factors affect speed including, without limitation, the number of workstations using a single connection.

2.3 Access. Customer, at no cost to ISN, shall secure and maintain all necessary rights of access to Service Location(s) for ISN to provide the Services, unless ISN has secured such access prior to this Agreement. In addition, Customer shall provide an adequate environmentally controlled space and such electricity as may be required for installation, operation, and maintenance of equipment used to provide the Services within the Service Location(s). ISN and its employees and authorized contractors will require free ingress and egress into and out of the Service Location(s) in connection with the provision of Services. Upon reasonable notice from ISN, Customer shall provide all required access to ISN and its authorized personnel.

2.4 Service Completion Date. Upon final installation and connection of the necessary facilities and equipment to provide the Services, ISN shall notify Customer that the Services are completed and available for use, and the date of such notice shall be called the "Service Completion Date." Any failure or refusal on the part of Customer to be ready to receive the Services on the Service Completion Date shall not relieve Customer of its obligation to pay ISN for Services rendered.

2.5 ISN Equipment. ISN Equipment is and shall remain the property of ISN regardless of where installed within the Service Location(s), and shall not be considered a fixture or an addition to the land or the Service Location(s). At any time ISN may remove or change ISN Equipment in its sole discretion in connection with providing the Services. Customer shall not move, rearrange, disconnect, remove, attempt to repair, or otherwise tamper with any ISN Equipment or permit others to do so, and shall not use the ISN Equipment for any purpose other than that authorized by the Agreement. ISN shall

maintain ISN Equipment in good operating condition during the term of this Agreement; provided, however, that such maintenance shall be at ISN's expense only to the extent that it is related to and/or resulting from the ordinary and proper use of the ISN Equipment. Customer is responsible for damage to, or loss of, ISN Equipment caused by its acts or omissions, and its noncompliance with this Section, or by fire, theft or other casualty at the Service Location(s), unless caused by the negligence or willful misconduct of ISN. Customer agrees not to take any action that would directly or indirectly impair ISN's title to the ISN Equipment, or expose ISN to any claim, lien, encumbrance, or legal process, except as otherwise agreed in writing by the Parties. Following ISN's discontinuance of the Services to the Service Location(s), ISN retains the right to remove the ISN Equipment including, but not limited to, that portion of the ISN Equipment located within the Service Location(s). To the extent ISN removes such ISN Equipment, it shall be responsible for returning the Service Location(s) to its prior condition, wear and tear excepted.

2.6 Customer-Provided Equipment. All Customer-Provided Equipment that Customer provides to ISN in connection with the Services must be fully compatible with the Services. Customer shall be responsible for the payment of all charges for troubleshooting, maintenance or repairs attempted or performed by ISN's employees or authorized contractors when the difficulty or trouble report results from Customer-Provided Equipment.

2.7 Engineering Review. Technical Service Order submitted by Customer may be subject to an engineering review by ISN. The engineering review will determine whether ISN can meet the Customer's requested Service Completion Date ("Custom Installation") for the ordered Services at the requested Service Location(s). ISN will provide Customer written notification in the event Service installation at any Service Location will require an additional one-time installation fee ("Custom Installation Fee"). Customer will have five (5) days from receipt of such notice to reject the Custom Installation Fee and terminate, without further liability, the Technical Service Order with respect to the affected Service Location(s).

2.8 Administrative Web Site. ISN may, at its sole option, make one or more administrative web sites available to Customer in connection with Customer's use of the Services (each an "Administrative Web Site"). ISN may furnish Customer with one or more user identifications and/or passwords for use on the Administrative Web Site. Customer shall be responsible for the confidentiality and use of such user identifications and/or passwords and shall immediately notify ISN if there has been an unauthorized release, use or other compromise of any user identification or password. In addition, Customer agrees that its authorized users shall keep confidential and not distribute any information or other materials made available by the Administrative Web Site. Customer shall be solely responsible for all use of the Administrative Web Site, and ISN shall be entitled to rely on all Customer uses of and submissions to the Administrative Web Site as authorized by Customer. ISN shall not be liable for any loss,

cost, expense or other liability arising out of any Customer use of the Administrative Web Site or any information on the Administrative Web Site. ISN may change or discontinue the Administrative Web Site, or Customer's right to use the Administrative Web Site, at any time. Additional terms and policies may apply to Customer's use of the Administrative Web Site. These terms and policies will be posted on the site.

ARTICLE 3. CHARGES, BILLING AND PAYMENT

3.1 Charges. Customer shall pay ISN one hundred percent (100%) of the Custom Installation Fee prior to the installation of Service. Customer further agrees to pay all charges associated with the Services, as set forth or referenced in the applicable Technical Service Order(s), Estimate(s), or invoiced by ISN. These charges may include, but are not limited to installation charges, monthly recurring service charges, usage charges including without limitation charges for the use of ISN Equipment, per-call charges, charges for service calls, maintenance and repair charges, and applicable federal, state, and local taxes, fees, surcharges and recoupments (however designated). Some Services such as measured and per-call charges, (as explained below in the Voice Additional Terms) may be invoiced after the Service has been provided to Customer. Except as otherwise indicated herein or on the applicable Technical Service Order(s), monthly recurring charges for Internet Services shall not increase during the initial Service Term.

ISN may change the price of Services, toll charges, plans, taxes or fees without any advance notice. For Customers on a Service Term, rates will not be increased during the initial Term, with the exception of government mandated tax changes and international toll calling rates. In the event of a change in prices or toll charges not covered by the Plan, ISN will post such changes to the website currently located at <http://www.ISNGlobal.com> (or any successor URL). International toll calling rates are updated monthly on the first of each month and no other notice shall be provided for changes to international toll calling rates.

3.2 Third-Party Charges. Customer may incur charges from third party service providers that are separate and apart from the amounts charged by ISN. These may include, without limitation, charges resulting from accessing on-line services, calls to parties who charge for their telephone-based services, purchasing or subscribing to other offerings via the Internet or interactive options on Public View Video, Video, or otherwise. Customer agrees that all such charges, including all applicable taxes, are Customer's sole responsibility. In addition, Customer is solely responsible for protecting the security of credit card information provided to others in connection with such transactions.

3.3 Payment of Bills. Except as otherwise indicated herein or on the Technical Service Order(s), ISN will invoice Customer in advance on a monthly basis for all monthly recurring Service charges and fees arising under the Agreement. All other charges will be billed monthly

in arrears. Customer shall make payment to ISN for all invoiced amounts within thirty (30) days after the date of the invoice. Any amounts not paid to ISN within such period will be considered past due. If a Service Commencement Date is not the first day of a billing period, Customer's next monthly invoice shall include a *pro-rated* charge for the Services, from the date of installation to the first day of the new billing. In certain cases, ISN may agree to provide billing services on behalf of third parties, as the agent of the third party. Any such third-party charges shall be payable pursuant to any contract or other arrangement between Customer and the third party. ISN shall not be responsible for any dispute regarding these charges between Customer and such third party. Customer must address all such disputes directly with the third party.

3.4 Partial Payment. Partial payment of any bill will be applied to the Customer's outstanding charges in the amounts and proportions as solely determined by ISN. No acceptance of partial payment(s) by ISN shall constitute a waiver of any rights to collect the full balance owed under the Agreement.

3.5 Payment by Credit Card. Upon Customer's written request and ISN's acceptance of such request, ISN will accept certain credit card payments for charges generated under the Agreement. By providing ISN with a credit card number, Customer authorizes ISN to charge the card for all charges generated under this Agreement, until (i) this Agreement is terminated or (ii) Customer provides sixty (60) days prior notice that ISN stop charging the credit card. Customer agrees to provide ISN with updated credit card or alternate payment information on a timely basis prior to the expiration or termination of the credit card on file or in the event that Customer's credit card limit is or will be insufficient to cover payment. If ISN is unable to charge Customer's credit card for any reason, Customer agrees to pay all amounts due, including any late payment charges or bank charges, upon demand by ISN. ISN may limit the option to pay by credit card to specific Services or may discontinue acceptance of credit card payments in whole or in part upon thirty (30) days prior notice to Customer.

3.6 Credit Approval and Deposits. Initial and ongoing delivery of Services may be subject to credit approval. Customer shall provide ISN with credit information requested by ISN. Customer authorizes ISN to make inquiries and to receive information about Customer's credit history from others and to enter this information in Customer's records. Customer represents and warrants that all credit information that it provides to ISN will be true and correct. ISN, in its sole discretion, may deny the Services based upon an unsatisfactory credit history. Additionally, subject to applicable regulations, ISN may require Customer to make a deposit (in an amount not to exceed an estimated two-month's charge for the Services) as a condition to ISN's provision of the Services, or as a condition to ISN's continuation of the Services. The deposit will not, unless explicitly required by law, bear interest and shall be held by ISN as security for payment of Customer's charges. If the provision of Service to Customer is terminated, or if ISN determines in its sole discretion that such deposit is no longer

necessary, then the amount of the deposit will be credited to Customer's account or will be refunded to Customer, as determined by ISN.

3.7 Taxes and Fees. Customer shall be responsible for the payment of any and all applicable local, state, and federal taxes or fees (however designated). Customer will be responsible to pay any Service fees, payment obligations and taxes that become applicable retroactively.

3.8 Other Government-Related Costs and Fees. ISN reserves the right to invoice Customer for any fees or payment obligations in connection with the Services imposed by governmental or quasi-governmental bodies in connection with the sale, installation, use, or provision of the Services, including, without limitation, applicable franchise fees (if any), regardless of whether ISN or its Affiliates pay the taxes directly or are required by an order, rule, or regulation of a taxing jurisdiction to collect them from Customer.. These obligations may include those imposed on ISN or its affiliates by an order, rule, or regulation of a regulatory body or a court of competent jurisdiction, as well as those that ISN or its affiliates are required to collect from the Customer or to pay to others in support of statutory or regulatory programs. For example, Voice customers are charged a monthly regulatory recovery fee to help defray ISN's contributions to municipal, state, and federal programs including, without limitation, universal service, telecom relay services for the visually/hearing impaired, and 911/E911 programs and infrastructure. This regulatory recovery fee is not a tax, and it is not government mandated. Taxes and other government-related fees and surcharges may be changed with or without notice,

3.9 Disputed Invoice. If Customer disputes any portion of an invoice, Customer must pay the undisputed portion of the invoice and submit a written claim, including all documentation substantiating Customer's claim, to ISN for the disputed amount of the invoice by the invoice due date. The Parties shall negotiate in good faith to resolve the dispute. However, should the parties fail to mutually resolve the dispute within sixty (60) days after the dispute was submitted to ISN, all disputed amounts shall become immediately due and payable to ISN.

3.10 Past-Due Amounts. Any undisputed payment not made when due will be subject to a reasonable late charge not to exceed the highest rate allowed by law on the unpaid invoice. If Customer's account is delinquent, ISN may refer the account to a collection agency or attorney that may pursue collection of the past due amount and/or any ISN Equipment that Customer fails to return in accordance with the Agreement. If ISN is required to use a collection agency or attorney to collect any amount owed by Customer or any unreturned ISN Equipment, Customer agrees to pay all reasonable costs of collection or other action. The remedies set forth herein are in addition to and not in limitation of any other rights and remedies available to ISN under the Agreement or at law or in equity.

3.11 Rejected Payments. Except to the extent otherwise prohibited by law, Customer will be assessed a service charge up to the full amount permitted under applicable law for any check or other instrument used to pay for the Services that has been rejected by the bank or other financial institution.

3.12 Fraudulent Use of Services. Customer is responsible for all charges attributable to Customer with respect to the Services, even if incurred as the result of fraudulent or unauthorized use of the Services. ISN may, but is not obligated to, detect or report unauthorized or fraudulent use of Services to Customer. ISN reserves the right to restrict, suspend or discontinue providing any Service in the event of fraudulent use by Customer.

ARTICLE 4. TERMINATION OF AGREEMENT AND/OR A SALES ORDER

4.1 Termination for Convenience. Notwithstanding any other term or provision in this Agreement, Customer shall have the right to terminate a Technical Service Order, or this Agreement in whole or part, at any time during the Service Term upon sixty (60) days prior notice to ISN, and subject to payment to ISN of all outstanding amounts due for the Services or equipment and material purchases already provided by ISN at the time of notice, any and all applicable Termination Charges, and the return of any and all ISN Equipment.

4.2 Termination for Cause.

(a) If Customer is in breach of a payment obligation (including failure to pay a required deposit), and fails to make payment in full within ten (10) days after receipt of notice of default, or has failed to make payments of all undisputed charges on or before the due date on three (3) or more occasions during any twelve (12) month period, ISN may, at its option, terminate this Agreement, terminate the affected Technical Service Orders, suspend Service under the affected Technical Service Orders, and/or require a deposit, advance payment, or other satisfactory assurances in connection with any or all Technical Service Orders as a condition of continuing to provide the Services. However, ISN will not take any such action as a result of Customer's non-payment of a charge that is the subject of a timely billing dispute, unless the parties have reviewed the dispute and determined in good faith that the charge is correct.

(b) If either party breaches any material term of this Agreement and the breach continues without remedy for thirty (30) days after notice of default, the non-defaulting party may terminate for cause any Technical Service Order materially affected by the breach.

(c) A Technical Service Order may be terminated by either party immediately upon notice if the other party has become insolvent or involved in liquidation or termination of its business, or adjudicated

bankrupt, or been involved in an assignment for the benefit of its creditors.

(d) Termination by either party of a Technical Service Order does not waive any other rights or remedies that it may have under this Agreement.

4.3 Effect of Expiration or Termination of the Agreement or a Technical Service Order. Upon the termination of a Technical Service Order for any reason: (i) ISN may disconnect the applicable Service; (ii) ISN may delete all applicable data, files, electronic messages, voicemail or other information stored on ISN's servers or systems; (iii) if Customer has terminated the Technical Service Order prior to the expiration of the Service Term for convenience, or if ISN has terminated the Technical Service Order prior to the expiration of the Service Term as a result of material breach by Customer, ISN may assess and collect from Customer applicable Termination Charges; (iv) Customer shall, permit ISN access to retrieve from the applicable Service Locations any and all ISN Equipment (however, if Customer fails to permit access, or if the retrieved ISN Equipment has been damaged and/or destroyed other than by ISN or its agents, normal wear and tear excepted, ISN may invoice Customer for the full replacement cost of the relevant ISN Equipment, or in the event of minor damage to the retrieved ISN Equipment, the cost of repair, which amounts shall be immediately due and payable); and (v) if used in conjunction with the terminated Service, Customer's right to use applicable Licensed Software shall automatically terminate, and Customer shall be obligated to return the Licensed Software to ISN.

4.4 Regulatory and Legal Changes. The parties acknowledge that the respective rights and obligations of each party as set forth in this Agreement upon its execution are based on law and the regulatory environment as it exists on the date of execution of this Agreement. ISN may, in its sole discretion, immediately terminate this Agreement, in whole or in part, in the event there is a material change in any law, rule, regulation, Force Majeure event, or judgment of any court or government agency, and that change affects ISN's ability to provide the Services herein.

ISN reserves the right to make changes to the terms and conditions of this Agreement, the Services and/or the Plan ("Change of Service"). In the event of a Change of Service, ISN will post to the Web Site currently located at <http://www.ISNGlobal.com/legal> (or any successor URL). Customer may request a Plan change at anytime, subject to any applicable change of service fee and additional terms and conditions. The Plan change will take effect in the first month after the Plan is changed. In no case will an activation fee be credited after thirty (30) days from the initial purchase of the Services for a Plan change or cancellation. For a Plan change to a plan that requires a purchase of the Equipment, an equipment charge will apply.

ARTICLE 5. LIMITATION OF LIABILITY; DISCLAIMER OF WARRANTIES; WARNINGS

5.1 NEITHER PARTY WILL BE LIABLE TO THE OTHER FOR ANY INCIDENTAL, INDIRECT, SPECIAL, PUNITIVE OR CONSEQUENTIAL DAMAGES, WHETHER OR NOT FORESEEABLE, OF ANY KIND INCLUDING BUT NOT LIMITED TO ANY LOSS REVENUE, LOSS OF USE, LOSS OF BUSINESS OR LOSS OF PROFIT, WHETHER SUCH ALLEGED LIABILITY ARISES IN CONTRACT OR TORT, PROVIDED, HOWEVER, THAT NOTHING HEREIN IS INTENDED TO LIMIT CUSTOMER'S LIABILITY FOR AMOUNTS OWED FOR THE SERVICES, FOR ANY EQUIPMENT OR SOFTWARE PROVIDED BY ISN OR FOR EARLY TERMINATION CHARGES. EXCEPT AS OTHERWISE EXPRESSLY PROVIDED IN THIS AGREEMENT, THE ENTIRE LIABILITY OF ISN AND ITS OFFICERS, DIRECTORS, EMPLOYEES, AFFILIATES, AGENTS, SUPPLIERS OR CONTRACTORS ("ASSOCIATED PARTIES") FOR LOSS, DAMAGES AND CLAIMS ARISING OUT OF THE DELIVERY OF THE SERVICES INCLUDING, BUT NOT LIMITED TO, DELAY IN THE INSTALLATION OF SERVICES OR THE PERFORMANCE OR NONPERFORMANCE OF THE SERVICES OR THE ISN EQUIPMENT SHALL BE LIMITED TO A SUM EQUIVALENT TO THE APPLICABLE OUT-OF-SERVICE CREDIT. REMEDIES UNDER THIS AGREEMENT ARE EXCLUSIVE AND LIMITED TO THOSE EXPRESSLY DESCRIBED IN THIS AGREEMENT.

5.2 THERE ARE NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON- INFRINGEMENT WITH RESPECT TO THE SERVICES, ISN EQUIPMENT, OR LICENSED SOFTWARE. ALL SUCH WARRANTIES ARE HEREBY EXPRESSLY DISCLAIMED TO THE MAXIMUM EXTENT ALLOWED BY LAW. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, ISN DOES NOT WARRANT THAT THE SERVICES, ISN EQUIPMENT, OR LICENSED SOFTWARE WILL BE UNINTERRUPTED, ERROR-FREE, OR FREE OF LATENCY OR DELAY, OR THAT THE SERVICES, ISN EQUIPMENT, OR LICENSED SOFTWARE WILL MEET YOUR REQUIREMENTS, OR THAT THE SERVICES, ISN EQUIPMENT, OR LICENSED SOFTWARE WILL PREVENT UNAUTHORIZED ACCESS BY THIRD PARTIES.

5.3 ISN MAKES NO WARRANTIES OR REPRESENTATIONS WITH RESPECT TO THE SERVICES, ISN EQUIPMENT, OR LICENSED SOFTWARE FOR USE BY THIRD PARTIES.

5.4 IN NO EVENT SHALL ISN, OR ITS ASSOCIATED PARTIES, SUPPLIERS, CONTRACTORS OR LICENSORS BE LIABLE FOR ANY LOSS, DAMAGE OR CLAIM ARISING OUT OF OR RELATED TO: (i) STORED, TRANSMITTED, OR RECORDED DATA, FILES, OR SOFTWARE; (ii) ANY ACT OR OMISSION OF CUSTOMER, ITS USERS OR THIRD PARTIES; (iii) INTEROPERABILITY, INTERACTION OR INTERCONNECTION OF THE SERVICES WITH APPLICATIONS, EQUIPMENT, SERVICES OR NETWORKS PROVIDED BY CUSTOMER OR THIRD PARTIES; OR (iv) LOSS OR DESTRUCTION OF ANY CUSTOMER HARDWARE, SOFTWARE, FILES OR DATA RESULTING FROM ANY VIRUS OR OTHER HARMFUL FEATURE OR FROM ANY ATTEMPT TO REMOVE IT.

5.5 DISRUPTION OF SERVICE. ISN shall not be liable for any inconvenience, loss, liability, or damage resulting from any

interruption of the Services, directly or indirectly caused by, or proximately resulting from, any circumstances, including, but not limited to, causes attributable to Customer or Customer- Equipment; inability to obtain access to the Service Locations; loss of use of poles or other utility facilities; strike; labor dispute; riot or insurrection; war; explosion; malicious mischief; fire, flood, lightening, earthquake, wind, ice, extreme weather conditions, pandemic (whether by federal, state, or local declaration), or other acts of God; failure or reduction of power; or any court order, law, act or order of any federal, state, or local governmental agency restricting or prohibiting the operation or delivery of the Services.

5.6 Customer's sole and exclusive remedies under this Agreement are as expressly set forth in this Agreement. Certain of the above exclusions may not apply if the state in which a Service is provided does not allow the exclusion or limitation of implied warranties or does not allow the limitation or exclusion of incidental or consequential damages. In those states, the liability of ISN and its affiliates and agents is limited to the maximum extent permitted by law.

ARTICLE 6. INDEMNIFICATION

6.1 Subject to Article 5, each Party ("Indemnifying Party") will indemnify and hold harmless the other Party ("Indemnified Party"), its affiliates, officers, directors, employees, stockholders, partners, providers, independent contractors and agents from and against any and all joint or several costs, damages, losses, liabilities, expenses, judgments, fines, settlements and any other amount of any nature, including reasonable fees and disbursements of attorneys, accountants, and experts, arising from any and all claims, demands, actions, suits, or proceedings whether civil, criminal, administrative, or investigative (collectively, "Claims") relating to: (i) any Claim of any third party resulting from the negligence or willful act or omission of Indemnifying Party arising out of or related to the Agreement, the obligations hereunder, and uses of Services, ISN Equipment, and Licensed Software; and (ii) any Claim of any third party alleging infringement of a U.S. patent or U.S. copyright arising out of or related to this Agreement, the obligations hereunder, and the use of Services, ISN Equipment, and Licensed Software.

The Indemnified Party agrees to notify the Indemnifying Party promptly, in writing, of any Actions, threatened or actual, and to cooperate in every reasonable way to facilitate the defense or settlement of such Actions. The Indemnifying Party shall assume the defense of any Action with counsel of its own choosing, but which is reasonably satisfactory to the Indemnified Party. The Indemnified Party may employ its own counsel in any such case, and shall pay such counsel's fees and expenses. The Indemnifying Party shall have the right to settle any claim for which indemnification is available; provided, however, that to the extent that such settlement requires the Indemnified Party to take or refrain from taking any

action or purports to obligate the Indemnified Party, then the Indemnifying Party shall not settle such claim without the prior written consent of the Indemnified Party, which consent shall not be unreasonably withheld, conditioned or delayed.

ARTICLE 7. SOFTWARE & SERVICES

If and to the extent Customer requires the use of Licensed Software in order to use the Services supplied under any Technical Service Order, Customer shall have a personal, nonexclusive, nontransferable, and limited license to use the Licensed Software in object code only and solely to the extent necessary to use the applicable Service during the corresponding Service Term. Customer may not claim title to, or an ownership interest in, any Licensed Software (or any derivations or improvements thereto) and Customer shall execute any documentation reasonably required by ISN, including, without limitation, end-user license agreements for the Licensed Software. ISN and its suppliers shall retain ownership of the Licensed Software, and no rights are granted to Customer other than a license to use the Licensed Software under the terms expressly set forth in this Agreement.

Customer hereby consents to, and shall provide free access for, such updates deemed reasonably necessary by ISN.

7.5 Intellectual Property Rights in the Services. Title and intellectual property rights to the Services are owned by ISN, its agents, suppliers or affiliates or their licensors or otherwise by the owners of such material. The copying, redistribution, reselling, bundling or publication of the Services, in whole or in part, without express prior written consent from ISN or other owner of such material, is prohibited.

ARTICLE 8. CONFIDENTIAL INFORMATION AND PRIVACY

Notwithstanding the foregoing, such information may be disclosed (i) to the receiving party's employees, affiliates, and agents who have a need to know for the purpose of performing this Agreement, using the Services, rendering the Services, and marketing related products and services (provided that in all cases the receiving party shall take appropriate measures prior to disclosure to its employees, affiliates, and agents to assure against unauthorized use or disclosure); or (ii) as otherwise authorized by this Agreement. Each party agrees to treat all Confidential Information of the other in the same manner as it treats its own proprietary information, but in no case using a degree of care less than a reasonable degree of care.

8.3 Remedies. Notwithstanding any other Article of this Agreement, the non-breaching party shall be entitled to seek equitable relief to protect its interests pursuant to this Article 9, including, but not limited to, injunctive relief.

8.4 Monitoring. ISN shall have no obligation to monitor postings or transmissions made in connection with the Services, however, Customer acknowledges and agrees that ISN and its agents shall have the right to monitor any such postings and transmissions from time to time and to use and disclose them in accordance with this Agreement, and as otherwise required by law or government request. ISN reserves the right to refuse to upload, post, publish, transmit or store any information or materials, in whole or in part, that, in ISN's sole discretion, is unacceptable, undesirable or in violation of this Agreement.

ARTICLE 8A: CUSTOMER PRIVACY POLICIES

In addition to the provisions of Article 8, the privacy policy below applies to ISN's handling of Customer confidential information. In the event of a conflict between the provisions of Article 8 and any provision of the privacy policy below, the applicable provision of the privacy policy shall prevail in the resolution of the conflict. A copy of ISN's privacy policy is available at www.ISNGlobal.com/Legal (or any successor URL).

8A.2 Privacy Note Regarding Information Provided to Third Parties: ISN is not responsible for any information provided by Customer to

third parties, and this information is not subject to the privacy provisions of this Agreement or the privacy policies. Customer assumes all privacy and other risks associated with providing personally identifiable information to third parties via the Services.

ARTICLE 9. PROHIBITED USES

9.1 Resale. Except as otherwise provided in the General Terms and Conditions, Customer may not sell, resell, sublease, assign, license, sublicense, share, provide, or otherwise utilize in conjunction with a third party (including, without limitation, in any joint venture or as part of any outsourcing activity) the Services or any component thereof.

9.2 Use Policies. Customer agrees to ensure that all uses of the ISN Equipment and/or the Services installed at its premises ("use") are legal and appropriate. Specifically, Customer agrees to ensure that all uses by Customer or by any other person ("user"), whether authorized by Customer or not, comply with all applicable laws, regulations, and written and electronic instructions for use. ISN reserves the right to act immediately and without notice to terminate or suspend the Services and/or to remove from the Services any information transmitted by or to Customer or users, if ISN (i) determines that such use or information does not conform with the requirements set forth in this Agreement, (ii) determines that such use or information interferes with ISN's ability to provide the Services to Customer or others, (iii) reasonably believes that such use or information may violate any laws, regulations, or written and electronic instructions for use. Furthermore, the Services shall be subject to one or more Acceptable Use Policies ("AUP") that may limit use, or (iv) reasonably believes that Customer's use of the Service interferes with or endangers the health and/or safety of ISN personnel or third parties. The AUP and other policies concerning the Services are posted on ISN's web site(s) at www.ISNGlobal.com (or any successor URL) or on another web site about which Customer has been notified, and are incorporated to this Agreement by reference. ISN may update the use policies from time to time, and such updates shall be deemed effective seven (7) days after the update is posted online, with or without actual notice to Customer. Accordingly, Customer should check the above web addresses (or the applicable successor URLs) on a regular basis to ensure that its activities conform to the most current version of the use policies. ISN's action or inaction in enforcing acceptable use shall not constitute review or approval of Customer's or any other users' use or information.

9.3 Violation. Any breach of this Article 9 shall be deemed a material breach of this Agreement. In the event of such material breach, ISN shall have the right to restrict, suspend, or terminate immediately any or all Technical Service Orders, without liability on the part of ISN, and then to notify Customer of the action that ISN has taken and the reason for such action, in addition to any and all other rights and remedies under this Agreement.

ARTICLE 10. SERVICE LEVEL AGREEMENTS (SLA)

ISN is committed to providing the highest level of Service to its Customers. The SLA defines the minimum Service expectations a Customer may expect from ISN Business Services. The remedies set forth in the SLA, which can be found on the ISN website at www.ISNGlobal.com (or any successor URL, "Website"), shall be the Customer's sole and exclusive remedy for any Service Interruption in the Services, outage, unavailability, delay or other degradation in the Services or any ISN failure to meet the objectives of the Services.

ARTICLE 11. INSURANCE

11.1 ISN shall maintain commercial general liability insurance that covers its liability and obligations hereunder including property damage and personal injury.

11.2 The liability limits under these policies shall be, at a minimum, one million (\$1,000,000) dollars per occurrence, with a combined single limit for bodily injury and property damage liability.

ARTICLE 12. MISCELLANEOUS TERMS

12.1 Force Majeure. Neither party shall be liable to the other party for any delay, failure in performance, loss, or damage to the extent caused by force majeure conditions such as acts of God, pandemic, quarantine, fire, explosion, power blackout, cable cut, acts of regulatory or governmental agencies, unavailability of right-of-way, unavailability of services or materials upon which the Services rely, or other causes beyond the party's reasonable control, except that Customer's obligation to pay for Services provided shall not be excused. Changes in economic, business or competitive condition shall not be considered force majeure events.

12.2 Assignment and Transfer. Neither Party shall assign any right, obligation or duty, in whole or in part, nor of any other interest hereunder, without the prior written consent of the other Party, which shall not be unreasonably withheld. The foregoing notwithstanding, ISN may assign this Agreement to any affiliate, related entity, or successor in interest without Customer's consent. In addition, ISN may partially assign its rights and obligations hereunder to any party that acquires from ISN all or substantially all of the assets of a network(s) in which the Services is deployed to Customer. All obligations and duties of either Party under this Agreement shall be binding on all successors in interest and assigns of such Party.

12.3 Export Law and Regulation. Customer acknowledges that any products, software, and technical information (including, but not limited to, services and training) provided pursuant to the Agreement may be subject to U.S. export laws and regulations, and any foreign use or transfer of such products, software, and technical information must be authorized under those regulations. Customer agrees that it will not use, distribute, transfer, or transmit the products, software, or technical information (even if incorporated into other products) except in compliance with U.S. export regulations. If requested by ISN, Customer also agrees to sign written assurances and other export-

related documents as may be required for ISN to comply with U.S. export regulations.

12.4 Notices. Except as otherwise provided in this Agreement, any notices or other communications contemplated or required under this Agreement, in order to be valid, shall be in writing and shall be given via personal delivery, overnight courier, or via U.S. Certified Mail, Return Receipt Requested. Notices to Customer shall be sent to the Customer billing address; notices to ISN shall be sent to P.O. Box 1391, Claremont, California 91711, Attn: Office of General Counsel, with an email copy to: accounting@ISNGlobal.com Attn.: General Counsel. All such notices shall be deemed given and effective on the day when delivered by overnight delivery service or certified mail.

12.5 Entire Understanding. The Agreement constitutes the entire understanding of the parties related to the subject matter hereof. The Agreement supersedes all prior agreements, proposals, representations, statements, or understandings, whether written or oral, concerning the Services or the parties' rights or obligations relating to the Services. Any prior representations, promises, inducements, or statements of intent regarding the Services that are not expressly provided for in this Agreement are of no effect. Terms or conditions contained in any purchase order, or restrictive endorsements or other statements on any form of payment, shall be void and of no force or effect. Only specifically authorized representatives of ISN may make modifications to this Agreement or this Agreement's form. No modification to the form or this Agreement made by a representative of ISN who has not been specifically authorized to make such modifications shall be binding upon ISN. No subsequent agreement among the parties concerning the Services shall be effective or binding unless it is executed in writing by authorized representatives of both parties.

12.6 Tariffs and Sales Tax. Notwithstanding anything to the contrary in the Agreement, ISN may elect or be required to file tariffs with regulatory agencies or collect sales tax on behalf of revenue agencies for certain Services. In such event, the terms set forth in the Agreement may, under applicable law, be superseded by the terms and conditions of the Tariffs or sales tax regulations. Without limiting the generality of the foregoing, in the event of any inconsistency with respect to rates, the rates and other terms set forth in the applicable Sales Order shall be treated as individual case-based arrangements to the maximum extent permitted by law, and ISN shall take such steps as are required by law to make the rates and other terms enforceable. If ISN voluntarily or involuntarily cancels or withdraws a Tariff under which a Service is provided to Customer, the Service will thereafter be provided pursuant to the Agreement and the terms and conditions contained in the Tariff immediately prior to its cancellation or withdrawal. In the event that ISN is required by a governmental authority to modify a Tariff under which Service is provided to Customer in a manner that is material and adverse to either party, the affected party may terminate the applicable Sales Order upon a minimum thirty (30) days' prior written notice to the other party, without further liability.

12.7 Construction. In the event that any portion of this Agreement is held to be invalid or unenforceable, the parties shall replace the invalid or unenforceable portion with another provision that, as nearly as possible, reflects the original intention of the parties, and the remainder of this Agreement shall remain in full force and effect.

12.8 Survival. The rights and obligations of either party that by their nature would continue beyond the expiration or termination of this Agreement or any Technical Service Order, including without limitation representations and warranties, indemnifications, and limitations of liability, shall survive termination or expiration of this Agreement or any Technical Service Order.

12.9 Choice of Law. The domestic law of the state of California shall govern the construction, interpretation, and performance of this Agreement, except to the extent superseded by federal law.

12.10. Mandatory Arbitration. PLEASE READ THIS PROVISION CAREFULLY. IT MEANS THAT, EXCEPT AS NOTED BELOW, CUSTOMER AND ISN WILL ARBITRATE ANY DISPUTES OR CLAIMS IN ANY WAY RELATED TO OR CONCERNING THE AGREEMENT, OR THE PROVISION OF SERVICES OR PRODUCTS TO CUSTOMER, INCLUDING ANY BILLING DISPUTES (“CLAIM”). CLAIMS SHALL BE SUBMITTED TO FINAL, BINDING ARBITRATION. This agreement to arbitrate also requires Customer to arbitrate claims against other parties relating to Services or Products provided or billed to Customer if Claims are asserted against ISN in the same proceeding. Any controversy between the parties to this Agreement involving the construction or application of any of the terms, covenants, or conditions of this Agreement shall, on the written request of one party served on the other, be submitted to mediation, which shall be conducted in compliance with, and be governed by the provisions of sections 1775 through 1775.15 of the California Code of Civil Procedure. The parties shall use their best efforts to agree upon a person to mediate the dispute, but if they are unable to agree on one such person, each shall appoint one person, and then those two persons will select a third impartial mediator to form a panel to conduct the mediation. The cost of mediation will be borne by the parties equally. If the matter cannot be resolved by mediation, it shall be submitted to binding arbitration, which shall be conducted in compliance with, and be governed by the provisions of sections 1280 through 1294.2 of the California Code of Civil Procedure. The parties shall use their best efforts to agree upon a person to arbitrate the dispute, but if they are unable to agree on one such person, each shall appoint one person, and then those two persons will select a third person to form a panel to conduct the arbitration. Unless a hearing is requested, disputes will be resolved based on written submissions and no personal appearance is required. If End User requests an arbitration hearing, that hearing will take place either telephonically or Claremont, California. As a limited exception to the agreement to arbitrate, Customer and ISN agree that: (a) Customer may file Claims in small claims court in Los Angeles County (Pomona), California, if the Claims qualify for hearing by such court; (b) if Customer fails to timely pay amounts due, ISN may assign the account for collection, and the collection agency may pursue in

court claims limited strictly to the collection of the past due debt and any interest or cost of collection permitted by law or the Agreement; and (c) any Claim filed as a class action is not subject to arbitration but instead must be filed in the California Superior Court, County of Los Angeles (Pomona) or in the United States District Court for the Central District of California.

12.11. Prefiling Notice of Claim. BEFORE INSTITUTING ARBITRATION OR SUIT, CUSTOMER AGREES TO PROVIDE ISN WITH AN OPPORTUNITY TO RESOLVE THE CLAIM BY SENDING A WRITTEN DESCRIPTION OF THE CLAIM TO ISN. IF ISN IS NOT ABLE TO RESOLVE THE CLAIM WITHIN 30 DAYS OF RECEIPT OF NOTICE, THEN CUSTOMER OR ISN MAY INITIATE ARBITRATION OR SUIT AS DESCRIBED IN SECTION 13.10. All claim notices should be sent to:

Office of General Counsel
ISN
PO Box 1391
Claremont, CA 91711

12.12. Governing Law. The Agreement and the relationship between Customer and ISN shall be governed by the laws of the State of California without regard to its conflict of law provisions. To the extent court action is initiated to enforce an arbitration award or for any other reason consistent with Section 13.10, Customer and ISN agree to submit to the personal and exclusive jurisdiction of the courts within the state of California, to the extent possible in Los Angeles County (Pomona), and waive any objection as to venue or inconvenient forum. The failure of ISN to exercise or enforce any right or provision of the Agreement shall not constitute a waiver of such right or provision. If any provision of the Agreement is found by a court of competent jurisdiction to be invalid, the parties nevertheless agree that the court should endeavor to give effect to the parties’ intentions as reflected in the provision, and the other provisions of the Agreement remain in full force and effect. Customer agrees that regardless of any statute or law to the contrary, any claim or cause of action arising out of or related to use of the Service or the Agreement must be filed within one (1) year after such claim or cause of action arose or be forever barred.

12.13 No Third-Party Beneficiaries. This Agreement does not expressly or implicitly provide any third party (including users) with any remedy, claim, liability, reimbursement, cause of action, or other right or privilege.

12.14 No Waiver. No failure by either party to enforce any rights hereunder shall constitute a waiver of such right(s).

12.15 Independent Contractors. The Parties to this Agreement are independent contractors. Neither Party is an agent, representative, or partner of the other Party. Neither Party shall have any right, power, or authority to enter into any agreement for, or on behalf of, or incur any obligation or liability of, or to otherwise bind, the other Party. This Agreement shall not be interpreted or construed to create an association, agency, joint venture, or partnership between the

Parties or to impose any liability attributable to such a relationship upon either Party.

12.16 Article Headings. The article headings used herein are for reference only and shall not limit or control any term or provision of this Agreement or the interpretation or construction thereof.

12.17 Compliance with Laws. Each of the Parties agrees to comply with all applicable local, state and federal laws and regulations and ordinances in the performance of its respective obligations under this Agreement.

ADDITIONAL TERMS APPLICABLE TO INTERNET SERVICES

In addition to Articles 1 through 12 above, Articles 13 and 14A are specifically applicable to Internet Service:

ARTICLE 13: WEB HOSTING. If Customer submits a Technical Service Order(s) for web hosting services, the following terms shall also apply:

13.1 Authorization. By using the Services to publish, transmit or distribute material or content, Customer (i) warrants that the material or content complies with the provisions of the Agreement, (ii) authorizes ISN, its agents and affiliates to reproduce, publish, distribute, and display such content worldwide and (iii) warrants that Customer has the right to provide such authorization. Customer acknowledges that material posted or transmitted using the Services may be copied, republished or distributed by third parties, and agrees to indemnify, defend and hold harmless ISN, its agents and affiliates for any harm resulting from such actions.

13.2 Web Site Content. If applicable, ISN will host Customer's web site in a data center in accordance with ISN's then-current published specifications, including, without limitation, storage levels ("Customer Web Site"). Ownership of all graphics, text, or other information or content materials supplied or furnished by Customer for incorporation into or delivery through a Customer Web Site shall remain with Customer (or the party that supplied such materials to Customer). Ownership of any software developed or modified by ISN and all graphics, text, or other information or content materials supplied or furnished by ISN for incorporation into a Customer Web Site shall remain with ISN (or the party that supplied such materials to ISN). Customer agrees that ISN has no proprietary, financial, or other interest in Customer's goods or services that may be described in or offered through a Customer Web Site, and that Customer is solely responsible for content quality, performance, and all other aspects of its goods or services and the information or other content contained in or provided through a Customer Web Site. Customer assumes all responsibility for use by others of the Customer Web Site (including commercial transactions, whether completed or not).

13.3 Web Site Backup and Restoration. Customer acknowledges and agrees that (i) it is responsible for developing and maintaining

procedures (apart from the Services) to protect the Customer content, including, without limitation, making appropriate backup copies of the Customer content as may be necessary for reconstruction of any data, files, informational materials, or electronic messages; and (ii) ISN is not responsible for backup and restoration of Customer Content.

ARTICLE 14A: PROVISION OF SERVICE/USE. Subject to the terms and conditions herein, Internet Services are intended for commercial use only. Customer is prohibited from reselling Hospitality Internet Services, except that Customer may use such Services to provide internet service to its short-term lodging accommodation end users. ISN shall provide Hospitality Internet Service to a demarcation point at the Service Location. Customer shall be responsible for any and all facilities, equipment and/or devices required to use Hospitality Internet Services on the customer-side of the demarcation point.

ARTICLE 15. DOMAIN NAME REGISTRATION. If Customer submits a Technical Service Order(s) for domain name registration services, the following terms shall also apply:

15.1 Registration. At the request of Customer, ISN will use commercially reasonable efforts to facilitate the registration of the Customer internet domain name ("Customer Domain Name") with a domain name registration service of ISN's choosing, but only to the extent that Customer provides ISN with all necessary information relevant to such registration. The domain name registration service will invoice Customer directly for all applicable registration fees, maintenance fees, and other applicable fees related thereto. Customer hereby acknowledges that Customer is entirely responsible for the payment of any and all such fees. ISN does not represent that the Customer Domain Name will be available on an initial or ongoing basis. Further, Customer acknowledges that Customer, not ISN, has ownership, control, and use of the Customer Domain Name. Further, Customer hereby agrees now and forever to release and to hold harmless ISN, its employees, affiliates, agents, and contractors, from any and all losses, damages, rights, claims, and actions with respect to, or in any way arising from, the domain name registration service's removal of allocation or support for the Customer Domain Name. Should Customer require modification of the Customer Domain Name or additional related services, additional charges may apply from the relevant registration service and from ISN for setup of the modification or addition.

15.2 Sub-Domain Name. Should Customer be unable to register a unique domain name, ISN may grant upon Customer request and only for the term of the Technical Service Order providing for such service, the limited, personal, and non-transferable right to specify and append a sub-domain name to ISN's prescribed domain name, for the sole purpose of uniquely identifying Customer's e-mail address. ISN does not represent that Customer's selected sub-domain name will be available. Customer receives no right to ISN's domain name other than as specifically stated in this Article 15. Upon the termination of the applicable Technical Service Order, Customer shall surrender all

rights, privileges and interest in and to the sub- domain name and ISN's domain name.

ADDITIONAL TERMS APPLICABLE TO VOICE SERVICES AND HOSPITALITY VOICE SERVICES

In addition to provisions 1 THROUGH 12 above, the following Articles 16 through 20 are specifically applicable to Voice Services.

ARTICLE 16: USAGE BILLING

16.1 Voice Service calling plans billed as a flat monthly fee may not include certain call types. These excluded call types will instead be charged on a per-call basis (e.g., operator services) or a measured basis (e.g., international calls). Generally, for billing purposes, a measured call begins when the call is answered by the called party or an automated answering device (such as an answering machine or fax machine); it ends when one of the parties disconnects the call.

16.2 Except as otherwise provided in these General Terms and Conditions, Voice Service measured calls are recorded in whole minutes, with partial minutes rounded up to the next whole minute. If the computed charge for a measured call or for taxes or surcharges includes a fraction of a cent, the fraction is rounded up to the nearest whole cent.

16.3 Notwithstanding anything to the contrary in this Agreement, some providers (e.g., those involved in calls to foreign countries) charge for a completed call when the called party's line rings or after a certain number of rings. If such a provider charges ISN or its Associated Parties, as if such a call were answered by the called party, ISN will charge Customer for a completed call. Voice Service, including Hospitality Voice Service, pricing lists and fees can be found at www.ISNGlobal.com (or any successor URL).

ARTICLE 17: USE POLICY

17.1 Additional Use Restrictions. Except as otherwise provided in the General Terms and Conditions, Voice Service may only be used at Service Location(s) where such service is installed by ISN. Customer understands and acknowledges that if Customer attempts to install or use the ISN Equipment or Voice Service at another location, Voice Service, including but not limited to 911/E911, may fail to function or may function improperly. It will be considered a material violation of this Agreement if Customer moves Voice Service to another location without first notifying ISN. Customer expressly agrees not to use Voice Service for auto-dialing, continuous or extensive call forwarding, telemarketing, fax broadcasting or fax blasting, or for any other use that results in excessive usage inconsistent with standard commercial calling patterns. If ISN determines, in its sole discretion, that Customer's use of Voice Service is excessive or in violation of this Agreement, ISN reserves the right, among other things, to terminate or modify Voice Service immediately and without notice.

ARTICLE 17A: SERVICE LIMITATION

17A.1 Disruption of Service. Customer acknowledges and understands that Voice Service will not be available for use under certain circumstances, including without limitation when the network or facilities are not operating or if normal electrical power to the MTA, ATA or ALG is interrupted and such equipment does not have a functioning backup. Customer also understands and acknowledges that the performance of the battery backup is not guaranteed. If the battery backup does not provide power, Voice Services will not function until normal power is restored. Customer also understands that certain online features of Voice Service, where such features are available, will not be available under certain circumstances, including but not limited to the interruption of the Internet connection.

17A.2 Provision of Service. Subject to the terms and conditions herein, Voice Services are intended for commercial use only.

ARTICLE 18: LIMITATIONS OF 911/E911

18.1 Limitations. Voice Services includes a 911/ Enhanced 911 function ("911/E911") that may differ from the 911 or Enhanced 911 function furnished by other providers. As such, it may have certain limitations. CUSTOMER ACKNOWLEDGES AND ACCEPTS ANY LIMITATIONS OF 911/E911.

18.2 Correct Address. In order for Customer's 911/E911 calls to be properly directed to emergency services, ISN must have Customer's correct Service Location address. If Customer moves Voice Service to a different Service Location without ISN's approval, 911/E911 calls may be directed to the wrong emergency authority, may transmit the wrong Service Location address, and/or Voice Service (including 911/E911) may fail altogether. Therefore, Customer must contact ISN at least five (5) days before moving Voice Service to a new Service Location. All changes in Service Location require ISN's prior approval.

18.3 Service Interruptions. Customer acknowledges and understands that certain Voice Service uses the electrical power in Customer's Service Location. If there is an electrical power outage, 911 calling may be interrupted if the battery backup in the associated MTA, ALA or ALG is not installed, fails, or is exhausted after several hours. Furthermore, calls, including calls to 911/E911, may not be completed if Customer exceeds its Voice Service and equipment configuration calling capacity or if there is a problem with network facilities, including network congestion, network/equipment/power failure, or another technical problem.

18.4 Suspension and Termination by ISN. Customer understands and acknowledges that Voice Service, including 911/E911, as well as all online features of Voice Service, where ISN make these features available, will be disabled if Customer's account is suspended or terminated.

18.5 LIMITATION OF LIABILITY AND INDEMNIFICATION. CUSTOMER ACKNOWLEDGES AND AGREES THAT NEITHER ISN NOR ITS

ASSOCIATED PARTIES WILL BE LIABLE FOR ANY VOICE SERVICE OUTAGE, INABILITY TO DIAL 911 USING THE SERVICES, AND/OR INABILITY TO ACCESS EMERGENCY SERVICE PERSONNEL. CUSTOMER AGREES TO DEFEND, INDEMNIFY, AND HOLD HARMLESS ISN AND ITS ASSOCIATED PARTIES FROM ANY AND ALL CLAIMS, LOSSES, DAMAGES, FINES, PENALTIES, COSTS, AND EXPENSES (INCLUDING BUT NOT LIMITED TO REASONABLE ATTORNEY FEES) BY, OR ON BEHALF OF, CUSTOMER OR ANY THIRD PARTY OR USER OF THE VOICE SERVICES RELATING TO THE FAILURE OR OUTAGE OF THE SERVICES, INCLUDING THOSE RELATED TO 911/E911.

ARTICLE 19: VOICE EQUIPMENT REQUIREMENTS

19.1 MTA. To use Voice Service, Customer will need a multimedia terminal adapter (“MTA”), application layer gateway (“ALG”), analog telephone adapter (“ATA”) or other adapter device. Customer can lease an MTA from ISN, in which case it will be ISN Equipment. Or, in some areas, ISN may permit Customer to use Voice Service with an MTA that Customer has purchased, in which case the MTA will be Customer Equipment. Customer agrees to keep the MTA plugged into a working electrical power outlet at all times.

19.2 Incompatible Equipment and Services. Customer acknowledges and understands Voice Service may not support or be compatible with:

- (a) Non-recommended configurations including but not limited to MTAs, ATAs or ALGs not currently certified by ISN as compatible with Voice Service;
- (b) Certain non-voice communications equipment, including certain makes or models of alarm and security systems, certain medical monitoring devices, certain fax machines, and certain “dial-up” modems;
- (c) Rotary-dial phone handsets, pulse-dial phone handsets, and models of other voice-related communications equipment such as certain private branch exchange (PBX) equipment, answering machines, and traditional Caller ID units;
- (d) Casual/dial around (10-10) calling; 976, 900, 700, or 500 number calling;
- (e) 311, 511, or other x11 calling (other than 411 and 911); and
- (f) Other call types not expressly set forth in ISN’s product literature (e.g., outbound shore-to-ship calling).

ARTICLE 20: ADDITIONAL LIMITATIONS ON ISN’S LIABILITY FOR VOICE SERVICE

20.1 Limitations on ISN’s Liability for Directories and Directory Assistance for Voice Service Customers. THESE LIMITATIONS SHALL APPLY WHERE ISN MAKES AVAILABLE AN OPTION TO LIST CUSTOMER’S NAME, ADDRESS, AND/OR TELEPHONE NUMBER IN A

PUBLISHED DIRECTORY OR DIRECTORY ASSISTANCE DATABASE, AND ONE OR MORE OF THE FOLLOWING CONDITIONS OCCURS: (i) CUSTOMER REQUESTS THAT CUSTOMER’S NAME, ADDRESS AND/OR PHONE NUMBER BE OMITTED FROM A DIRECTORY OR DIRECTORY ASSISTANCE DATABASE, BUT THAT INFORMATION IS INCLUDED IN EITHER OR BOTH; (ii) CUSTOMER REQUESTS THAT CUSTOMER’S NAME, ADDRESS AND/OR PHONE NUMBER BE INCLUDED IN A DIRECTORY OR DIRECTORY ASSISTANCE DATABASE, BUT THAT INFORMATION IS OMITTED FROM EITHER OR BOTH; OR (iii) THE PUBLISHED OR LISTED INFORMATION FOR CUSTOMER’S ACCOUNT CONTAINS MATERIAL ERRORS OR OMISSIONS. IF ANY OF THESE CONDITIONS PERTAIN, THEN THE AGGREGATE LIABILITY OF ISN AND ITS ASSOCIATED PARTIES SHALL NOT EXCEED THE MONTHLY CHARGES, IF ANY, WHICH CUSTOMER HAS ACTUALLY PAID TO ISN TO LIST, PUBLISH, NOT LIST, OR NOT PUBLISH THE INFORMATION FOR THE AFFECTED PERIOD. CUSTOMER SHALL HOLD HARMLESS ISN AND ITS ASSOCIATED PARTIES AGAINST ANY AND ALL CLAIMS FOR DAMAGES CAUSED OR CLAIMED TO HAVE BEEN CAUSED, DIRECTLY OR INDIRECTLY, BY THE ERRORS AND OMISSIONS REFERENCED ABOVE. FURTHERMORE, IF ISN MAKES AVAILABLE DIRECTORY ADVERTISING SERVICES, NEITHER ISN NOR ANY OF ITS ASSOCIATED PARTIES WILL BE LIABLE FOR ANY ACTS, ERRORS, OR OMISSIONS RELATED TO SUCH DIRECTORY ADVERTISING.

20.2 CUSTOMER INFORMATION. ISN and its suppliers reserve the right both during the term of this Agreement and upon its termination to delete Customer’s voicemail, call detail, data, files, or other information that is stored on ISN’s or its suppliers’ servers or systems, in accordance with our storage policies. Customer understands and acknowledges that ISN shall have no liability whatsoever as a result of the loss or removal of any such voicemail, call detail, data, files, or other information.

ARTICLE 20A: ADDITIONAL TERMS APPLICABLE TO TOLL FREE SERVICES

In addition to Articles 1 THROUGH 13 and Articles 17 THROUGH 20, the following Article 20A is specifically applicable to Toll Free Services offered by ISN:

20A.1 Limitation. Subject to service availability, Customer may order Toll Free Services. Toll Free Services are not intended for residential use. In order to purchase and retain Toll Free Service with ISN, Customer must have Voice Services, and must map each Toll-Free telephone number (“TFN”) to a Voice Service telephone number (“Associated TN”). If Customer terminates an Associated TN at any time during the Toll-Free Services term, Customer must immediately: (1) map the applicable TFN to another Digital Voice telephone number on Customer’s ISN account, (2) purchase a new Digital Voice telephone number to map to the TFN, (3) port out the TFN to another toll-free carrier; or (4) disconnect the TFN. If Customer fails to take immediate action as indicated above, ISN will disconnect the TFN. ISN

shall have no liability for loss of Toll-Free Services which results from Customer failing to take immediate action as indicated above.

20A.2 Term and Termination. Toll Free Services are offered on a month-to-month basis. Customer shall have the right to terminate Toll Free Services, at any time, for any reason, upon thirty (30) days prior notice to ISN, subject to payment of all outstanding amounts due for the Toll-Free Services and the return of any and all ISN Equipment. Termination of Toll-Free Services is not subject to Termination Charges. Toll Free Services will terminate simultaneously with Customer's Voice Services.

20A.3 Authorization. When ordering Toll Free Service, as set forth or referenced in each applicable Technical Service Order Customer authorizes ISN to act as its agent in initiating and provisioning such Toll-Free Service.

20A.4. Toll Free Charges

(a) Prices. Toll Free Service is subject to the toll-free pricing identified in the applicable Technical Service Order, or if none stated, subject to the pricing lists and fees found at www.ISNGlobal.com (or any successor URL) .

(b) Billing Increments. Unless otherwise stated in a Technical Service Order, usage-based charges will be billed on either a per-minute or per-message basis. Service calls invoiced on a per-minute basis will have an initial minimum call duration of one (1) minute, subsequent intervals of one (1) minute each, and will be billed by rounding to the next whole minute.

(c) Rounding of Charges. ISN reserves the right to round up any and all invoice amounts to the nearest one (1) cent.

(d) Provision of Service. Subject to the terms and conditions herein, Toll Free Services are intended for commercial use only.

ARTICLE 20B: ADDITIONAL TERMS APPLICABLE TO TRUNK SERVICES

In addition to provisions 1 THROUGH 13 and Articles 17, 19 AND 20 above, the following Article 20B is specifically applicable to Trunk Services offered by ISN:

20B.1 Limitation. Subject to service availability, Customer may order Trunk Services. Trunk Services are not intended for residential use.

20B.2 911 Notice for Trunk Services. Customer expressly acknowledges and agrees that it has reviewed, understands, and agrees to the terms set forth below.

(a) Customer action is essential to the protection of its employees and other users of the Trunk Services, as described below. Multi-line

telephone systems, such as PBX systems, ordinarily only transmit the same, generic location information for all 911 calls placed from any handset connected to the PBX or other system. For example, in the case of a business with telephone extensions in three buildings and multiple floors in each building, the E911 call taker would only see the same main telephone number and location that the customer has identified, regardless of which station was used to place the call. **If Customer does not take action as described below, fire, police and other emergency responders may be delayed or even prevented from timely reaching its location in response to a 911 call.**

(b) ISN offers the opportunity for Customers to designate up to ten different zones within their premises that would be separately identified to the E911 call taker, such as a specific floor, side of a building, or other identifying information that could assist emergency responders to more quickly reach the appropriate location. To utilize this option, Customer must in the initial or a subsequent Technical Service Order request the assignment of Emergency Location Information numbers and provide location information for each zone exactly as it should appear to the 911 call taker. For each zone requested, up to ten, Customer will receive a phone number that ISN will register in the 911 database or databases with the specific location information provided by Customer. Customer is solely responsible for programming its telephone system to map each station to one of these numbers, and for updating the system as necessary to reflect moves or additions of stations within the premises.

(c) Many states now require businesses using multi-line telephone systems to program their systems to transmit specific location information for 911 calls. Customer acknowledges and understands that it, and not ISN, bears sole responsibility to ensure that it identifies and complies with all such applicable laws, and any failure to do so is a breach of the Agreement. Customer represents, warrants and covenants that it will utilize the ISN Emergency Location Information numbers described above at least to the extent required by law, and that Customer does not require the use of more than ten different location identifiers or other features not currently offered under this Agreement in order to comply with applicable laws. Customer also warrants that it does not currently have "Private Switch/Automatic Location Identification" service in connection with its existing telephone service from another provider at the location(s) for which it has ordered Trunk Services from ISN.

(d) ISN will post only the main billing telephone number in the 911 database or databases using Customer's billing address as the Registered Location, unless Customer requests the assignment of Emergency Location Information as set forth above. Customer must notify ISN at least five (5) days prior to moving the Trunk Service to another location. Customer acknowledges that if they move prior to providing such notice and a 911 call is placed using the Trunk Services, or if Customer when using Emergency Location Information numbers does not timely update their telephone system to account for internal moves, adds and changes, the E911 call taker may see incorrect or

incomplete location information and the caller may need to confirm their actual location information to the call taker. (e) Some businesses elect to make test calls to 911 from multiple stations to verify that the 911 call taker receives the desired location information and is able to call back one or more of the telephone numbers that they receive to confirm it rings to the station from which the 911 call was placed. If Customer chooses to do so, it agrees to obtain prior approval from the relevant emergency communications center and assumes all responsibility for the placement of such calls.

20B.3 Recommended Battery Back-Up is NOT Included

Customer acknowledges and understands that the Trunk Services use the electrical power from the Service Location. Customer understands and acknowledges that they may lose access to and use of the Trunk Services, including 911/E911, if electrical power to the Integrated Access Device (IAD), PBX switch, and/or handsets is interrupted and such devices are not supported by a working battery backup. Customer also understands and acknowledges that ISN does not provide a battery backup for such devices and Customer is urged to arrange for their own backup power supply to these devices. In the event of a power outage, the duration of Trunk Service during a power outage using the ISN Equipment installed to provide Trunk Service will depend on Customer's backup power choice. If the IAD is disconnected or removed and/or a battery is not charged, Trunk Service, including access to 911, will not be available. Customer acknowledges and agrees that in the event of a power failure, ISN bears no responsibility for such loss of service.

20B.4 Customer Responsibility for Telephone Equipment

(a) Customer is solely responsible for providing and maintaining working PBX equipment and handsets (Customer- Provided Equipment), notifying and training its users regarding proper use of the system in accordance with applicable, including regulatory, requirements, and for any programming to its telephone system that may be necessary to enable direct dialing of N11 numbers such as 911 and to enable calls to be connected to new area codes. Customer also acknowledges and accepts that ISN does not support seven- digit local calling even in areas of the country that still permit that option, and Customer will program its system as necessary to support ten-digit dialing for local calls.

(b) ISN shall not be responsible to the Customer if changes in any of the facilities, operations or procedures of ISN utilized in the provision of Trunk Service render any Customer-Provided Equipment or other equipment provided by a Customer obsolete or require modification or alteration of such equipment or system or otherwise affect its use or performance.

(c) Customer must arrange its Customer-Provided Equipment to provide for the interception of assigned but unused station numbers. A call intercepted by the attendant will be considered to be completed and subject to a charge for the call.

(d) Customer acknowledges and agrees that Trunk Service is not compatible with alarm and security systems, certain medical monitoring devices, certain fax machines, and certain "dial-up" modems. Customer's attempt to use any such systems in connection with Trunk Services is solely at its own risk and ISN shall not be liable for any damages whatsoever for any non-operation or damage to such services or devices.

20B.5 Trunk Service Charges.

(a) **Prices.** Trunk Service is subject to the trunk service pricing identified in the applicable Technical Service Order, and subject to the pricing lists and fees found at www.ISNGlobal.com (or any successor URL).

(b) **Billing Increments.** Unless otherwise stated in a Technical Service Order, domestic long-distance calls, and in-bound domestic calls to toll-free numbers associated with Trunk Services will be billed on a per-minute or per-message basis. Service calls invoiced on a per-minute basis will have an initial minimum call duration of one (1) minute, subsequent intervals of one (1) minute each, and will be billed by rounding to the next whole minute. All other calls will be billed in accordance with the increments identified in the pricing lists and fees found at www.ISNGlobal.com (or any successor URL). For purposes of this section, "domestic" means calls within the continental United States.

ADDITIONAL TERMS APPLICABLE TO PRI SERVICES

In addition to provisions 1 THROUGH 12 and Articles 17, 19, 20 and 20B above, the following Article –21 - 32 is specifically applicable to PRI Services offered by ISN:

21. Local Area. Notwithstanding anything to the contrary in the Agreement or in any Proposal, Customer acknowledges and agrees that ISN will provide Customer with PRIs to serve only one local calling area (LATA) per PRI at the Customer locations served by ISN under the Proposal(s).

22. Telephone Number Assignment. Customer shall assign telephone numbers from NPANXXs consistent with the ISN Rate Center associated with such NPANXX. Customer shall terminate only local calls to its PRIs and all calls shall be rated as if originated and terminated based on the Rate Center served by the Proposal (and the ILEC local calling scope and NPANXX associated with such Rate Center). Customer shall be responsible for all toll or long-distance charges for Customer's end users at the applicable ISN long distance rates set forth in ISN's tariffs and/or price lists (including in instances

where the Customer's end users' local calling area differs from the local calling area of the relevant ILEC, and including calls that are unauthorized and/or originated by fraudulent means).

23. Traffic Thresholds. If Customer's traffic is comprised of greater than twenty percent (20%) of traffic originating from and/or terminating to third parties other than the ILEC, an additional \$0.02 penalty will be applied to all minutes exceeding this twenty percent (20%) threshold.

24. Signaling Information. Customer shall pass all signaling information it receives or generates associated with the traffic it sends to ISN, including but not limited to originating line information, such as Calling Party Number ("CPN") and Automatic Number Identification ("ANI") and shall require its end users to comply with legal requirements pertaining to caller identification. If Customer does not send ISN the correct signaling information or removes such information, including but not limited to CPN and ANI, ISN shall be entitled to charge Customer ISN's tariffed per minute access charge rates associated with such traffic and shall also pass through any access or other charges assessed against ISN by any other carrier for such traffic. In addition, ISN reserves the right to terminate this Agreement immediately, cease providing any or all of the Services, and pursue any other remedies available to it if Customer does not send correct signaling information.

25. Reasonable Usage. Customer acknowledges that the charges for PRI Services ordered by Customer are based upon certain levels of usage. ISN shall have the right to require Customer to purchase additional PRIs from ISN if monthly traffic on a PRI exceeds 100,000 minutes per month or if the peak usage on a PRI exceeds 1,000 minutes per hour during normal business hours. At ISN's option, if Customer does not cooperate with ISN to purchase such additional PRIs, ISN shall install such PRIs at its convenience and begin billing Customer for same or will charge Customer \$.02 per minute on each minute of use over the threshold set forth in this Section. For purposes of this Agreement, the phrase "normal business hours" shall mean Monday through Friday from 9:00 AM to 6:00 PM Eastern Time.

26. Customer's Responsibilities to Third Parties/Third Party Charges. ISN makes no representations or warranties regarding the relationship, responsibilities, or obligations Customer may have with any other service provider or telecommunications carrier with which Customer interconnects, either directly or indirectly, or through use of ISN's Service(s). Unless otherwise set forth in a Proposal executed by the Parties, Customer is solely responsible for coordination of any and all third-party services necessary for Customer's use of ISN's Services ("Third Party Services"). Customer acknowledges and agrees that Customer is solely responsible for identifying and paying any and all charges and expenses associated with any Third Party Services used by Customer in connection with ISN's Services or due to Customer's use of ISN Services, or Customer's provision of service to end users, including, without limitation, any applicable monthly charges, usage charges, long distance charges, installation charges,

nonrecurring charges, cross connection charges, applicable termination/cancellation charges, access charges, reciprocal compensation charges, and transiting charges, whether imposed pursuant to tariff, contract, or regulatory edict.

27. INDEMNIFICATION: SUBJECT TO THE TERMS AND CONDITIONS OF THIS AGREEMENT, CUSTOMER AGREES TO DEFEND, HOLD HARMLESS, AND INDEMNIFY THE OTHER PARTY, ITS EMPLOYEES, DIRECTORS, OFFICERS AND AGENTS, FROM AND AGAINST ALL CLAIMS, ACTIONS, DAMAGES, AND/OR LIABILITIES, TOGETHER WITH ANY AND ALL LOSSES, FINES, PENALTIES, COSTS, AND EXPENSES, INCLUDING, WITHOUT LIMITATION, ATTORNEYS' FEES AND EXPENSES OR PENALTIES IMPOSED BY GOVERNMENTAL ENTITIES (COLLECTIVELY, THE "LIABILITIES") IN CONNECTION WITH ANY LITIGATION OR OTHER FORM OF ADJUDICATORY PROCEDURE, CLAIM, DEMAND, INVESTIGATION, OR FORMAL OR INFORMAL INQUIRY, OR ANY SETTLEMENT THEREOF, WHICH ARISES DIRECTLY OR INDIRECTLY FROM OR IN CONNECTION WITH THE NONFULFILLMENT OR BREACH OF ANY REPRESENTATION, WARRANTY, COVENANT, AGREEMENT, OR OBLIGATION OF CUSTOMER CONTAINED IN OR CONTEMPLATED BY THIS AGREEMENT. WITHOUT LIMITING THE FOREGOING, CUSTOMER'S OBLIGATION TO INDEMNIFY SPECIFICALLY INCLUDES: (I) ANY AND ALL LIABILITIES OF ANY KIND INCURRED BY ISN AS A RESULT OF ANY DISPUTE OR ERROR IN CUSTOMER'S CLASSIFICATION AS AN INFORMATION SERVICES PROVIDER AND/OR CLAIM OF EXEMPTION FROM ACCESS CHARGES ASSESSED ON THE TRAFFIC AND/OR CUSTOMER'S (OR CUSTOMER'S END USERS') FAILURE TO PROPERLY IDENTIFY THE JURISDICTION OF TRAFFIC CARRIED OVER THE ISN SERVICES OR EXCHANGED WITH ISN; (II) ANY AND ALL LIABILITIES ARISING FROM USE OF ISN'S SERVICE BY CUSTOMER OR ITS END USERS; (III) ANY AND ALL LIABILITIES ARISING FROM ANY BREACH OF CUSTOMER'S REPRESENTATIONS AND WARRANTIES HEREUNDER; (IV) ANY AND ALL LIABILITIES ARISING FROM CONTENT; AND (V) ANY AND ALL LIABILITIES OF ANY KIND INCURRED BY ISN AS A RESULT OF ANY DISPUTE, ERROR OR VIOLATION OF THE FCC'S RULES AND POLICIES REGARDING LNP OR TELEPHONE NUMBERING RESOURCES.

28. REGULATORY REQUIREMENTS. ISN makes no representations or warranties of any kind with respect to the jurisdictional nature or regulatory classification of the traffic associated with Customer's services to its end users that incorporate the ISN Services provided hereunder. Customer is responsible for identifying and complying with all Regulatory Requirements that may apply to Customer (whether now existing or that may exist during the course of this Agreement and any renewals thereof) and its services to its end users, including, but not limited to, Regulatory Requirements that pertain to: federal or state regulatory approvals or filing requirements; federal or state universal service fund contributions; and payment of federal, state, or local regulatory fees, franchise or license fees, and taxes. ISN RESERVES THE RIGHT TO INCREASE OR DECREASE RATES ON AT LEAST THIRTY (30) DAYS NOTICE. If any Regulatory Requirement has the effect of canceling, changing or superseding any material term with respect to the delivery of Service(s) (other than

changes which are the subject of a rate increase as described in the foregoing sentence), then this Agreement will be deemed modified in such a way as the Parties mutually agree is consistent with the form, intent and purpose of this Agreement and is necessary to comply with the Regulatory Requirement. If the Parties cannot agree to modifications necessary to comply with a Regulatory Requirement within thirty (30) days after the Regulatory Requirement is effective, then either Party may terminate this Agreement and/or any Service(s) impacted by the Regulatory Requirement effective as of the date of such Party's written notice to the other Party.

29. E911 Databases, CNAM and Directory Listings. Customer shall be responsible for provision of 911 and E911, CNAM and directory listing information and database updates to its end users without ISN's assistance or intervention. ISN is not responsible for any losses, claims, demands, suits or any liability whatsoever, whether suffered, made, instituted or asserted by the Customer, Customer's end users, or by any other party or person related to E911, CNAM, or Directory Listings.

30. Letters of Agency. Customer shall be responsible for providing ISN with letters of agency ("LOA"), compliant with state and federal slamming rules and regulations and satisfactory in both form and content to ISN, from Customer's end users authorizing the applicable Service(s). Customer acknowledges that service will not be ported or activated unless and until said LOAs are received by ISN.

31. Law Enforcement. Customer shall be responsible for responding to all requests from law enforcement or other governmental agencies, whether transmitted through ISN or directly to Customer regarding information about Customer's end users. Customer shall be responsible for complying with all Communications Assistance for Law Enforcement Act requirements and requests. Should Customer require ISN's assistance with responding to law enforcement or other requests, ISN shall charge Customers its tariffed maintenance rates.

32. Local Number Portability. Customer is solely responsible for compliance with all applicable FCC rules and policies regarding LNP and telephone numbering resources, and shall, on a timely basis, provide to ISN, upon ISN's request, with any and all requested utilization information, including copies of the Customer's FCC Form 502s, for all telephone numbers provided by ISN to Customer pursuant to this Agreement. Upon request by ISN or a New Local Service Provider ("NLSP"), Customer shall, on a timely basis, provide ISN and the NLSP with the Customer Service Record ("CSR") for any telephone number provided by ISN to Customer pursuant to this Agreement. Upon receipt of a Local Service Request ("LSR") from a NLSP or a New Network Service Provider ("NNSP"), or from ISN on behalf of a NLSP or NNSP, Customer shall return a Firm Order Confirmation ("FOC") or, in the event the LSR contains any error, a rejection and error notification to ISN and the NLSP or NNSP within 24 hours unless the Customer receives the request on Friday, Saturday, Sunday or a national holiday, in which case Customer shall return the FOC or rejection and error notification to ISN and the NLSP

or NNSP within 24 hours of 9:00 am the next business day. Upon receipt of a LSR from a NLSP or NNSP for any telephone number provided by ISN to Customer pursuant to this Agreement, ISN shall forward the LSR to the Customer. If Customer receives an LSR from a NLSP, NNSP or ISN on behalf of a NLSP or NNSP but fails, on a timely basis, to return a FOC or rejection and error notification to the NLSP or NNSP and ISN, ISN may, at its sole discretion, return a FOC to the NLSP or NNSP on behalf of Customer.
